

TARIFFS

Concerned About Tariffs on TMS Lighting Products? Don't Be!

With all the headlines about tariffs, it is easy to be confused about their impacts on prices from Canadian manufacturers like **TMS Lighting**.

The good news is that **TMS Lighting** products are **exempt** from US tariffs.

Here's why:

- TMS Lighting's products meet the Rules of Origin associated with the USMCA trade agreement (United States, Mexico, Canada Agreement).
- As of March 7, 2025, **ALL products from Canada and Mexico that comply with USMCA are exempt from the National Emergency Tariffs.**
- So, at present, our pricing has NOT been impacted by any of the tariff policies implemented by the current US administration.

We will continue to monitor the situation and let you know if anything changes. Thank you for your partnership and support.
